couleurs & matières
Established 1996 Paris

Le terrazzo ou granito est un carrelage dont le procédé de fabrication est aussi ancien et traditionnel que le carreau de ciment.

Terrazzo tile manufacturing process is as ancient and traditional as cement tile.

Перед началом укладки плитки настоятельно рекомендуем скачать инструкцию по укладке и обращению с плиткой с сайта <http://cement-tile.ru/>

Мы рекомендуем укладывать плитку в соответствии с проверенными методами, а также консультироваться с профессионалами по укладке плитки.

Наша плитка традиционно производится вручную: каждая плитка уникальна, плитки могут несколько отличаться между собой по цвету.

Для достижения лучшего результата мы советуем выкладывать плиточный рисунок заранее и размешать между собой плитки из разных упаковок для достижения гармоничного сочетания цветов.

Плитка должна укладываться с зазорами в 1 или 2 мм. Для того, чтобы избежать ненужных повреждений, плитку необходимо укладывать после окончания всех остальных ремонтных работ.

Перед укладкой внимательно проверьте каждую плитку. Начав установку плитки, вы признаете, что не имеете претензий к качеству продукции

Наша плитка может иметь разный цвет, вызванный естественным явлением пигментации
