

Here it is!

The bright and contemporary collection
that puts metal and colour
where we did not expect them!

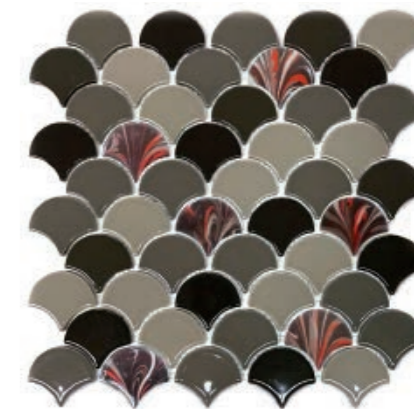

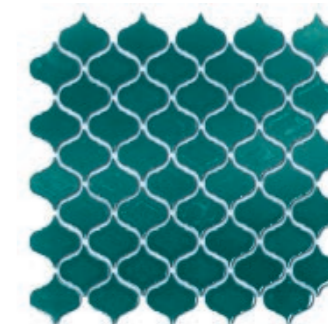

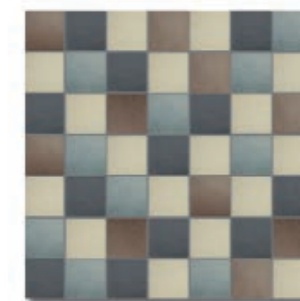

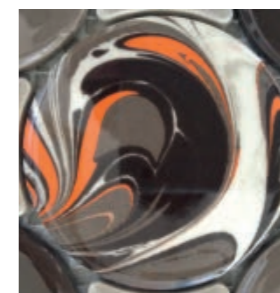

ALUM'EMOI

The metal effect & the touch of colour are the "hype" things that give trendiness to the trendy places. This collection leaves everybody speechless.

Do you like
to seduce, surprise,
amaze?

These mosaics are made for you. Various: in metal, glazed porcelain or faience, they will bring light to your room which will shine bright like a diamond! ■
