StoneWash

Carreaux de ciment vieillis

Les carreaux StoneWash sont des carreaux de ciment vieillis. Leur surface irrégulière ainsi que les coloris passés et nuancés apportent les caractéristiques d'un sol ancien avec des motifs de charme ou donnent un aspect ultra contemporain avec des coloris unis sur une matière brute.

Comme toute production Couleurs & Matières le carreau StoneWash est une fabrication artisanale.

Les unis / Plain colors

Avant de commencer la pose de vos carreaux de ciment, téléchargez les conseils de pose et de traitement sur notre site internet www.couleurs-et-matieres.fr

- Nos carreaux de ciment sont des produits artisanaux faits main : chaque pièce est unique. Ils doivent être posés par un professionnel dans les règles de l'art et suivant les normes en vigueur.
- Avant la pose, nous conseillons d'effectuer un calpinage précis suivi d'un assemblage préliminaire des carreaux unis ou décorés pour répartir harmonieusement les nuances et disposer les compositions de motifs et de frises.
- Les carreaux se posent à joint réduit compris entre 1 et 2 mm. N'oubliez pas que le carrelage est la dernière opération qui doit être faite dans une construction ou une rénovation.
- La pose et le traitement des carreaux n'étant pas sous notre contrôle, nous déclinons toute responsabilité pour malfaçon à ce niveau.
- Nos carreaux peuvent présenter des variantes de couleurs dues au phénomène naturel de pigmentation.

Before starting the laying, please download the laying and treatment instructions on www.couleurs-et-matieres.fr

- *We recommend that each installation be carried out in accordance with best industry practices, and in consultation with tile installation professionals.*
- *Our tiles are traditionally handmade: each piece is unique, and slight natural color variations can occur amongst tiles. To achieve best results, we recommend you layout the tile design in advance, and randomly mix tiles from different boxes to achieve a harmonious result.*
- *Tiles should be set with a joint width of 1 to 2 mm. To avoid unnecessary damages, tiles should be set after all other renovation work is complete.*
- *Carefully inspect each tile prior to installation. Installation acknowledges acceptance of the product.*
- *Our tiles may have color variations due to natural phenomenon of pigmentation.*
